

March 7, 1974

with the rule number 49 of the liquor commission which would have prohibited the use of dispenser equipment in dispensing drinks. The legislative resolution 112 was referred to our committee. The committee met in executive session yesterday and after we had a hearing, that is we had a hearing the other day, we have a letter from the liquor commission that they have withdrawn, regulation number 49. Thank you.

PRESIDENT: Thank you Senator Duis. Senator Stull there are a couple of others that want to speak first, would you be preped to take bills on Select file? Thank you. Chair recognizes Senator Fred Carstens.

SENATOR CARSTENS: Mr. President, I would like to ask unanimous consent to be excused not this Friday but a week from Friday, the 15th, in the morning.

PRESIDENT: Any objections? Seeing none, so ordered. Senator Syas, what point do you rise?

SENATOR SYAS: Just a point to give the Senate some information. We have three Lt. Governor candidates in this body, one is missing today and we also have one Senator that opposes a couple of bills on General File. All I wanted to say was, that the committee the Constitution and Revision Committee was pushed to get something done about this Lt. Governor situation. We had a early hearing we got the bills drafted, we had a early hearing and everything at that time was gun ho....and we a passed these bills up twice now, which makes no difference to me but I think that if I was a candidate or would be a candidate and interested in being a Lt. Governor there is a limit as to how long we can pass these two bills up and still have a election without probably some type of a law suit. I'm merely calling that to your attention. You can't do it today because I understand that Senator Chambers is going to try and amend the bill and I doubt that you can do it tomorrow but what I'm all a I am trying to say is don't be blaming...if you don't take this action sometime soon, don't be blaming the chairman of the constitution revision or his committee for not doing their job of getting it out here because those bills have been out here for about a month.

PRESIDENT: Thank you. We are ready for the bills for consideration on Select File.

SENATOR STULL: Mr. President, members of the Legislature, I move the adoption of the E & R amendments to 984.

PRESIDENT: Motion to adopt the amendments to 984. All those in favor say aye, those opposed. So order.

SENATOR STULL: I move the bill be advanced to E & R for engrossing as amended.

PRESIDENT: Motion is to advance LB984 as amended to E & R for engrossment. Those in favor say aye, those opposed. 984 is advanced.

SENATOR STULL: I move the adoption of the E & R amendments to 293.

PRESIDENT: Motion to adopt the amendments on LB923. All those in favor say aye, those opposed?
